1st XI Match Records to 2018/19

**Compiled by Steve Flemming
Last Updated: April 2019**

NOTES & DESCRIPTIONS

The following pages document the match records of the Ferntree Gully Cricket Club's 1st XI from the season of the Club's first affiliation in competition cricket.

Competition cricket commenced on the 4th October 1913 in the 1913/14 season when we first affiliated with Reporter District Cricket Association (now Box Hill Reporter District Cricket Association) until the completion of the 2018/19 season, when we were affiliated with the Ferntree Gully & District Cricket Association.

The highlight statistics have been derived from the Club's extensive archive but do not reflect, with complete accuracy, all 1st XI results and significant achievements. This is particularly evident for fielding (Catches) and wicket keeping (Dismissals & Stumpings) records prior to 1962/63.

From this point to the current season the Club retains all 1st XI Scorebooks, except for 1982/83, which is inexplicably missing along with the 2nd & 3rd XI scorebooks for the same season! Results from 1982/83 have been rebuilt from opposition Club archives (when available) and/or from local newspapers and all match results except details of the Semi Final loss versus FTG Footballers are known.

The record from matches played between 1913/14 and 1961/62 have been aided by another dozen or so original scorebooks as well as many complete match records extracted from published Newspapers of the area throughout this period.

The results of ten (10) 1st XI matches in this period remain unknown, from just over 1,080 played between 1913/14 and the present season, with a few of these possibly not being played or drawn due to weather intervention.

In addition to these missing matches some scorecards remain incomplete from the late 1940's, 1950's and early 1960's.

For the purposes of this document, the Individual Player Highlights captured for each match consist of...

- Scores >50,
- Efforts of 5 Wickets or more in an Innings,
- Efforts of 10 Wickets or more in a Match,
- Efforts of 4 Catches or Dismissals or more by a Fieldsman or Wicket Keeper,
- Instances a player batted through the Innings – BTI, after opening the batting & remaining Not Out as the 10th wicket fell
- Instances when a player took a Hat Trick – H/T (three wickets in consecutive balls bowled by that player)

KEY:

The Club was in recess from Competition cricket for six seasons: 1927/28 until 1932/33, although some arranged matches were played, with the recess commencing after a dispute between the Club and the RDCA occurred. This was then amplified by the onset of the 1920's/1930's Depression experienced in Australia
