

BATTED THROUGH THE INNINGS

Many Matches/Innings end with an opening batsman not out, when the team bats all day and its innings is compulsorily closed or where technically, if he is the 10th dismissal, he has batted through the Innings. In recording this achievement worldwide these instances are NOT measured.

For consistency, the table below represents performances at the FTGCC where an opening batsman batted the entire innings only and remained NOT OUT at the fall of his teams 10th wicket i.e. Opening the batting and remaining NOT OUT when all 10 other batsmen in the team were dismissed.

NOTES:

- No instance has occurred where an opening batsman has batted through the entire innings in the 6th XI
- % is the percentage of runs the NOT OUT batsman made from the overall team Total
- According to notes used for Bob DeCoite's 80th Birthday celebrations (2002), he batted through the innings on five separate occasions, while Bill Dinsdale was also recorded as having achieved the feat three times. Only the occasions where their performances have been verified have been recorded in the table above
- On 6/2/1915, George Williams scored 114* in a 1914/15 match against Doncaster East when batting at first drop. He came to the wicket at 1/0 on the third ball of the innings and batted the remaining overs in the completed innings, remaining not out and scoring 59% of the team's total of 197
