NOTES & DEFINITIONS

After the construction and opening of the new (#1 Oval) at Ferntree Gully in 1980/81, the old Oval is referred to as the #2 Oval while records applicable to the Ferntree Gully Recreation Reserve prior to construction of the new Oval i.e. before 1980/81 are simply recorded as the Ferntree Gully Recreation Reserve

In 2010/11 the Ferntree Gully Recreation Reserve was renamed the 'Wally Tew Reserve' and the Ovals are now known as Wally Tew Reserve #1 Oval & #2 Oval

Records **highlighted** occurred before formal competition cricket commenced (Est. 1913/14)

Some cricket terms have debatable origins and meanings; however, definitions used in this volume are as follows...

- **Batted through the Days Play:** A batsman who opens the innings (batsman 1 or 2) and who remains not out when the final ball of a full day's play is bowled
- **Carried Bat through Innings:** A batsman who opens the innings (batsman 1 or 2) and remains not out in the innings when the 10 wicket falls
- **Batted through Innings:** A batsman who opens the innings (batsman 1 or 2) and either...
 - is out as the 10th wicket to fall, or
 - remains not out in an innings that is closed

NOTES:

While over 870 match records are known for the period of the club's history prior to 1913/14, the individual season high scoring records are not included above. This is due to the inconsistent availability of material and/or the variation of the seasonal total of 'arranged' matches played when at times between 15 and 30 matches were played per season.

1. The only exception is **V.F. Carey's** achievement in 1912/13. This was the final season of "arranged" games before the club commenced competitive cricket (1913/14) and was played as a "normal" Home & Away season (eleven matches), on the newly established Ferntree Gully Recreation Reserve.

He scored his **717 runs** from ten matches played; **batting 10 times with 3 not outs at an average of 102.43**, the only time in history the 1st XI Batting Average has been won by a winner exceeding a 100 run average

2. Apart from his two centuries, among the three 50+ scores by **J.J. Bradbury** in 2015/16, one was 99*
3. **A.L. Smith's** score in 1994/95 was a Double Century (244*) & **A.P. Henry's** score in 1990/91 was also a Double Century (203*)
4. **G.C. Salan's** highest score for the season in 1996/97 (1st XI) and in 2010/11 (2nd XI) was 99
5. In 2020/21, the FTGDCA (& most other Victorian Associations) determined (post COVID-19) that all matches would all be played as One Day games. The 2nd XI played 17 matches in their season (15 H & A and 2 Finals), won the Premiership and overall provided a greater number of innings than all other seasons had done before.

NOTE: Club Ave includes Results achieved in Semi, Preliminary or Grand Finals, Association Averages do not

- 2007/08 – **D.G. Morrison** scored 219 Runs @ 54.75
- 2009/10 – **B. Donovan** also scored 297 Runs @ 42.43
- 2020/21 – **E.D. Greenall** also scored 266 Runs @ 133.00

On most occasions qualification for the Club Average has deferred to players who have met Association qualification standards through their performances, before any other qualifiers, who while they may have had better averages didn't make as many runs or also qualify for such Association averages.
